

ALI ARMANI

JavaScript Developer | Frontend Developer

armani.ali@proton.me | github.com/Ali-Armani | linkedin.com/in/aliarmani | ali-armani.github.io

PROFESSIONAL SUMMARY

JavaScript Developer with hands-on experience building responsive web applications using HTML5, CSS3, and modern JavaScript (ES6+). Delivered a complete e-commerce website for a real client as a freelance project, handling the full cycle from requirements to deployment. Strong focus on clean code, web performance optimization, responsive design, and usability. Experienced with remote and asynchronous client collaboration. Currently expanding skills in React for modern frontend development.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: Responsive Design, Mobile-First Design, DOM Manipulation, Event Handling, Semantic HTML

Practices: Clean Code, Web Performance Optimization, UI/UX Fundamentals, Web Accessibility, Debugging

Tools: Git, GitHub, Version Control, AI-assisted Development Workflows

Currently Learning: React

PROJECTS

4Kids Doll Shop — E-Commerce Website

Freelance | Remote

- Designed and developed a full responsive e-commerce website from scratch for a retail client using HTML5, CSS3, and JavaScript (ES6+).
- Collaborated remotely with the client from requirements gathering through launch and ongoing maintenance.
- Applied UI/UX principles to improve product browsing experience and support higher conversion.
- Optimized product images and assets, significantly improving page load speed and overall web performance.
- Used AI-assisted tools for efficient debugging and to keep the live site stable and up to date.
- Live site: 4kids-shop.pages.dev

Rock Paper Scissors — Browser Game

Personal Project

- Built an interactive browser game with vanilla JavaScript, focusing on DOM manipulation and event handling.
- Identified and fixed a variable-scoping bug that produced a misleading runtime error, strengthening core debugging skills.
- Live demo: ali-armani.github.io/Rock-Paper-Scissors

Personal Portfolio Website

Personal Project

- Developed and maintain a personal portfolio site with attention to accessibility, semantic HTML, and clean structure.

EDUCATION

B.A. in English Language Teaching

Expected 2027

- Self-taught web development (HTML, CSS, JavaScript) in parallel with formal studies.

ADDITIONAL EXPERIENCE

English Instructor

5+ years

- Taught English to students of different levels. Developed strong communication, patience, and remote/asynchronous collaboration skills that transfer well to distributed development teams.

LANGUAGES

Persian (Native) | Turkish (Fluent) | English (B2 Upper-Intermediate) | German (A2 — Currently studying)
